
100% Participation

We encourage 100% participation in the Annual Campaign to demonstrate to the larger community how much we value our school. (Grants are often awarded based on higher percentages of community participation.)

Please give generously toward your child's educational enrichment. We suggest \$1 per school day, or \$180 per year. Whatever level is comfortable to you is welcomed and is further proof that we want the best possible education for our children. Every donation regardless of size is important and helps to cover costs of all our wonderful programs.

We mention the names of every contributor but never the amount. The amount of your donation is confidential.

Please support LCICS financially at whatever level you are able.

The Parent Association

The Parent Teacher Council is Lake County International Charter School's support team. Actively working in collaboration at all levels, the PTC organizes LCICS events such as, this Pledge Drive, the Live and Give Auction, the Spaghetti Feed, the Recyclables effort, eScript, Box Tops for Education and other programs to raise money necessary to support LCICS's many educational enrichment programs.

Art, technology, music, Environmental Education and Spanish help make our school a wonderful, well-rounded learning environment.

When you contribute your time and dollars to the Parent Teacher Council, you are making a difference for Lake County International Charter School's 100+ children.

Our meetings are the first Thursday afternoon and second Wednesday evening of every month.

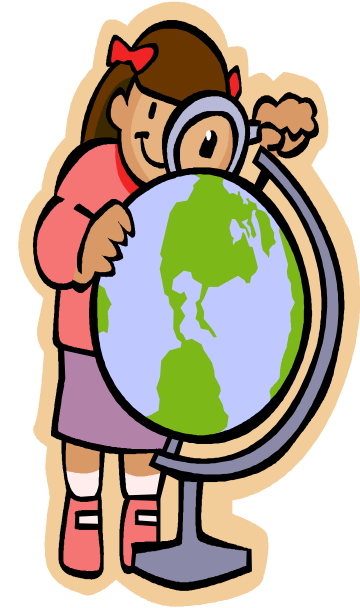

Please join us.
