California Department of Education School Accountability Report Card Reported Using Data from the 2015-16 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Facility Conditions and Planned Improvements

The main school building is divided in to three combined grade classrooms composed of our K-5 student population. Our middle school (6th-8th grades) is housed in a newly purchase building across from the main campus.

Over the past three summers we have been able to replace our chain link fence with redwood, build and then upgrade our outdoor stage, enclose our raised bed gardens with wood fencing. We also replaced all of our windows and doors. In 2015 we replaced our kitchen equipment, added more garden areas and replaced the decomposed granite ground cover with turf.

In our new middle school building we have remodeled the bathrooms, repainted the interior and improved the plumbing. We continue to upgrade both facilities with the support of the facilities grants and this year with the prop. 39 funds which are expected to support the installation of all new heating and cooling systems, upgrade the lighting to broad spectrum sources and install solar panels.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2016-17)

LCICS encourages parents to be involved in their children’s education. Prior to the opening of the school we hold a Parent Orientation Evening, a Back-To-School-Night, and Parent/Student Led Conferences take place at least twice per year. We also hold many school and greater community events including fundraisers such as our annual Live and Give event, and Spaghetti Feast, as well as in house gatherings including our Science Fair, Career Day and International Day celebration. In addition, parents are always encouraged to help support classroom activities and help to chaperone on our many fieldtrips.

School Safety Plan (School Year 2016-17)

LCICS safety plan is a collaboration of Charter Council, administration, teachers, support staff, Red Cross trainings and our insurance carrier. All of our teachers and most of our staff have received training in positive discipline techniques. All staff are current in First Aid and CPR. Teachers have received training in emergency preparedness and have information on site at their disposal. Emergency procedures and drills are practiced school wide on a regular basis. The Lake County Transit Company buses, which a number of our students utilize, are equipped with video camera to monitor behavior and ensure safety. Staff and Aids are on duty before school, during breaks, at lunch and after school to help ensure the student's safety. LCICS is a drug free and smoke free campus. Rules are consistently explained and enforced. Safety procedures are in place to provide a safe environment for students to learn.

Professional Development

LCICS is committed to continued staff development and curriculum improvement. The Charter school staff have regularly scheduled meetings at least twice per month and a minimum of 4 professional development days each year that focus on differentiated instruction and how to implement such strategies into each classroom. All staff members also participate in Positive Discipline trainings. LCICS is an active participant in the Beginning Teachers Program (BTSA) for the induction of new teachers. All newly credentialed LCICS teachers participate in this program.
